## RESCUE MATE JUMPSTARTER

# Rescue Mate Integrated Series

The OzCharge Rescue Mate (i) has been designed to be permanently mounted next to your starter battery. The Rescue Mate connects directly to the starting battery and provides power for starting your engine / jump starting your vehicle when required. If the vehicle doesn't start, simply engage the dash mounted switch/LED to start the vehicle. If you can't afford to be stranded, the Rescue Mate integrated is the solution.

**PERFECT FOR:  
EMERGENCY VEHICLES  
MARINE  
OFFROADERS  
FLEETS AND TAXIS**

- **ALWAYS READY**
- **PERMANENTLY CONNECTED**
- **SMALL & LIGHTWEIGHT**
